

**UNIFIED JUDICIAL SYSTEM
POSITION DESCRIPTION**

HELP DESK SUPPORT SPECIALIST

CLASS CODE: 99-31-07

POSITION PURPOSE

Provides HELP desk support, prepares work orders, initiates hardware and software purchases and the payment processes, and maintains HELP desk documentation regarding UJS court case management computer systems, computer workstations, and computer networks to ensure problems are resolved quickly and accurately so users can maintain productivity and technology usage.

DISTINGUISHING FEATURE

This position is responsible for diagnosing computer hardware and software problems and resolving or assigning to the appropriate individual to resolve.

MAJOR RESPONSIBILITIES

Note: The duties listed are typical examples of work performed by positions in this job classification. Not all duties are included, nor is the list exclusive.

1. Answers the HELP desk telephone and responds to email HELP requests for computer hardware and software issues to assist users with problems and resolve as quickly as possible to maintain productivity.
 - a. Identifies user hardware and software issues.
 - b. Diagnoses and troubleshoots causes or probable cause of issue/error.
 - i. Resolves compatibility issues.
 - ii. Uses network monitoring tools to assist in determining if there are local area network and/or wide area network problems.
 - c. Remedies issue or error, if possible, or completes a work order to refer the issue to a technician.
2. Manages the HELP desk work order system by creating, updating, and closing orders in the system to ensure an accurate tracking of services and issues resolved.
3. Manages and updates the HELP desk documentation to track common issues and how quickly issues are resolved.
4. Initiates purchasing processes to fulfill requests for hardware, software, and other office supplies and needs.
 - a. Corresponds with contacts at various companies to request quotes, shipping information, etc.; and to find comparable or more beneficial options.
 - b. Enters information on purchases into the UJS systems.
 - c. Makes sure requisitions have appropriate signatures.
 - d. Sends quotes on purchases to Budget and Finance.

HELP DESK SUPPORT SPECIALIST

- e. Documents purchase order numbers, purchase prices, quantities, shipping and other pertinent information into an Excel spreadsheet.
5. Initiates payment processes to pay for I/T purchases, monthly and quarterly bills, contractors, and licenses to ensure timely payments and reimbursements and compliance with fiscal procedural guidelines.
 - a. Checks documents for accuracy and ensures required documentation is attached.
 - b. Selects appropriate fiscal codes for each invoice and voucher.
 - c. Enters vouchers into on-line accounting systems.
 - d. Maintains files and spreadsheets of vouchers and bills to track processing and provide information for budget expenditures.
 - e. Contacts vendors and employees if changes are required or for missing information; and explains UJS procedures.
 - f. Balances expenditures with budgeted funds.
6. Performs other work as assigned.

SUPERVISORY FUNCTIONS

This position does not have supervisory responsibilities.

ESSENTIAL FUNCTIONS REQUIRE

Occasional in-state travel to provide backup training and attend meetings; extended periods of sitting, answering telephones, and working on a computer to remotely access others' computers and enter work order information; attendance in accordance with rules and policies; speaking clearly and in an understandable manner while on the telephone with users; calming agitated users when computer hardware and software is not working; and critical thinking to analyze and diagnosis computer hardware and software issues. The incumbent is also required to work effectively with coworkers; manage stress appropriately; and effectively communicate (verbally and in writing).

PROBLEMS AND CHALLENGES

Challenges include learning and understanding the processes utilized by users to manage the court caseload and interpret how data is entered into the UJS case management systems to track these processes; creating complex work orders that require multiple work orders and technicians to solve; working with complex procedures and applying them to multiple purchases and invoice payments simultaneously; and maintaining a current understanding of supported hardware, software, and network operating systems.

Problems encountered include understanding the users' computer issue and assigning to the correct technician, assisting with minor computer issues such as resetting a password, having to contact vendors to correct problems such as items shipped to wrong locations, items that need to be returned, removal of inappropriate charges, etc.; correcting vouchers that are incomplete or incorrect; and balancing budgeted funds with actual expenditures.

HELP DESK SUPPORT SPECIALIST

DECISION-MAKING AUTHORITY

Decisions include determining what is an appropriate response to resolve a user's question or issue; priority of invoices to process; priority of assigned work; and when a work order will be created, what it will contain, and the technician to assign to the work order.

Decisions referred include approval of purchases and distribution of budgeted funds; and any work order or issue that may impact UJS planning strategies, policies, standards, legal advice, or require permission before the next step can be taken.

CONTACT WITH OTHERS and PURPOSE

Daily contact with users and IT office staff to answer questions, solve problems, and coordinate and schedule projects; vendors to make purchase and ensure proper payment; and Budget & Finance office to initiate the process of payments.

WORKING CONDITIONS

The incumbent works in a typical office environment. User communication is most generally provided via telephone and/or email. The incumbent may be subject to on-call or after hours work to resolve critical system problems; as approved by the supervisor.
