

WHAT ARE TREATMENT COURTS?

Treatment Courts are an effective strategy for treating substance abuse and mental illness while reducing recidivism and saving taxpayer dollars. These courts have proven that a combination of supervision, treatment and support can lead people with substance use and/or mental health disorders into lives of stability, wellness and recovery.

Instead of prison time, **Treatment Courts** deliver services for lifelong recovery, keep our roads safe from impaired drivers, give parents tools they need to stay sober and maintain custody of their children, and divert individuals from a life of substance abuse, mental illness and crime. They have been proven to reduce use of jail and prison beds, emergency room admissions, family conflicts associated with domestic violence and child abuse, and foster care placements.

OUR HISTORY

Brookings County Drug & DUI Court was established in 2016. The public is invited to observe **Drug** and **DUI Court** on Thursdays at 10 a.m. CT in the Third Floor Courtroom at the Brookings County Courthouse, 314 6th Ave., in Brookings.

MISSION

To enhance public safety with the goal of developing sober, productive, law-abiding citizens by holding participants accountable while providing supervision, treatment and life skills in a judicial setting.

TO APPLY

Ask the attorney, probation officer, or correctional officer for an application, or contact the program coordinator listed below. The attorney will assist the client in reviewing and filling out the application. Once necessary assessments are completed, the Drug/DUI Court will meet to review the application and be in contact with the attorney regarding the status of the application.

WHAT WE DO

Brookings County Drug & DUI Court is a court-managed, alcohol/drug intervention treatment program, designed to provide a cost-effective alternative to traditional criminal case processing. If individuals are eligible and assessed to meet the criteria for participation, they must be willing to commit to the entire program.

Brookings County Drug & DUI Court is designed for persons whose problems stem from a substance abuse disorder. As an individual enters this voluntary, intensely supervised program, they must be motivated to work toward changing their lifestyle and becoming free of alcohol and chemical abuse.

Changing Lives, Improving Communities

OUR PROGRAMS

Drug and DUI Court are voluntary programs that provide intensive supervision and treatment services.

- Participation is voluntary.
- Participants must be a resident of the Brookings service area.
- Each program is divided into five phases, each ranging from two to three months, and takes a minimum of 14 months to complete.
- Alcohol and drug testing is a major component of each program.
- Intensive supervision is provided as directed by the court.
- Treatment is provided for substance use disorders, as warranted by evidence-based assessments.
- Incentives are given for accomplishments, and sanctions are given for infractions.
- Participants make regular court appearances in front of the judge throughout the program.
- Participants are connected with recovery support services in the community.
- Participants are referred to services to improve their emotional, physical, occupational, social, spiritual, intellectual, environmental and financial wellbeing.

- Help participants achieve **RECOVERY**, not just sobriety.
- Give participants the chance to break the cycle of substance abuse and crime.
- Give participants the tools to change their lives by improving their emotional, physical, occupational, social, spiritual, intellectual, environmental and financial wellbeing.
- Increase participants' length of involvement in treatment and other maintenance systems.
- Connect participants with positive support networks within their community.
- Increase public safety.
- Reduce incarceration time.
- Reduce recidivism.
