

WHAT ARE PROBLEM- SOLVING COURTS

Problem-Solving Courts are an effective strategy for treating substance abuse and mental illness while reducing recidivism and saving taxpayer dollars. These courts have proven that a combination of supervision, treatment and support can lead people with substance use and/or mental health disorders into lives of stability, wellness and recovery.

Instead of prison time, **Problem-Solving Courts** deliver services for lifelong recovery, keep our roads safe from impaired drivers, give parents tools they need to stay sober and maintain custody of their children, and divert individuals from a life of substance abuse, mental illness and crime. They have been proven to reduce use of jail and prison beds, emergency room admissions, family conflicts associated with domestic violence and child abuse, and foster care placements.

OUR HISTORY

James Valley Drug Court was established in 2013, followed by **DUI Court** in 2014. The public is invited to observe **Drug** and **DUI Court** on Thursdays at 1:15 p.m. at the Davison County Public Safety Center, 1015 S. Miller Ave., Mitchell.

MISSION

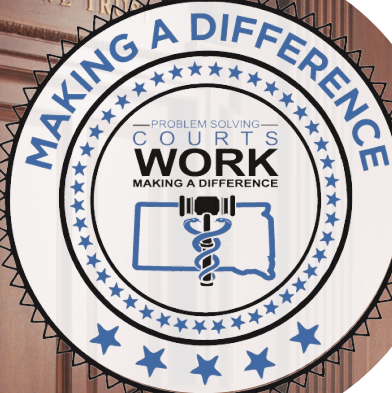

To provide community-based rehabilitation through the use of intensive treatment and supervision to stop the cycle of repeat offenders and substance use disorders, thereby creating safer communities and reducing the cost of corrections.

TO APPLY

Ask the attorney, probation officer or judge for an application. The attorney will assist the client in reviewing and filling out the application. Once necessary assessments are completed, the Drug/DUI Court will meet to review the application. This process typically takes less than two weeks.

PROBLEM-SOLVING COURTS
JAMES VALLEY
DRUG & DUI COURT

SOUTH DAKOTA
UNIFIED JUDICIAL
SYSTEM

WHAT WE DO

James Valley Drug & DUI Court is a court-managed, alcohol/drug intervention treatment program designed to provide a cost-effective alternative to traditional criminal case processing. If individuals are eligible and have been chosen to participate in this program, they must be willing to commit to the entire program.

James Valley Drug & DUI Court is designed for persons whose major problems stem from substance abuse disorder. As an individual enters this voluntary, intensely-supervised program, they must be motivated to work toward changing their lifestyle and becoming free of alcohol and chemical abuse.

Changing Lives, Improving Communities

OUR PROGRAMS

Drug and DUI Court are voluntary programs that provide intensive supervision and treatment services.

- Participation is voluntary.
- Participants must be willing to live within 24 miles of the Davison County Courthouse.
- Each program is divided into five phases, each ranging from two to four months, and takes a minimum of 17 months to complete.
- Alcohol and drug testing is a major component of each program.
- Intensive supervision is provided as directed by the court.
- Treatment is provided for substance use disorders, as warranted by evidenced-based assessments.
- Incentives are given for accomplishments, and sanctions are given for infractions.
- Participants make regular court appearances in front of the judge throughout the program.
- Participants are connected with recovery support services in the community.
- Participants are referred to services to improve their emotional, physical, occupational, social, spiritual, intellectual, environmental and financial wellbeing.

- Help participants achieve **RECOVERY**, not just sobriety.
- Give participants the chance to break the cycle of substance abuse and crime.
- Give participants the tools to change their lives by improving their emotional, physical, occupational, social, spiritual, intellectual, environmental and financial wellbeing.
- Increase participants' length of involvement in treatment and other maintenance systems.
- Connect participants with positive support networks within their community.
- Increase public safety.
- Reduce incarceration time.
- Reduce recidivism.
