Yellow highlight = discharge credit is not earned, if applicable to the case. Once discharge credit has not been granted to the offender for a month, it may not be earned back.

Red bolded violations= mandatory jail sanction and discharge credit is not earned. The amount of jail time imposed is subject to CSO discretion up to 48 hours.

Violations that are not highlighted assume earned discharge credit can still be earned by the offender, if applicable to the case.

* Indicates the officer is required to submit a violation of probation report. In all other cells of the grid, the officer has the discretion to submit a probation violation report as appropriate in response to behavior.

** Any referrals for sex offender evaluation or treatment must be specifically ordered by the court.
